

# Build Your Own Biography

## or, Who Am I?

**Instructions:** When it comes to creating a faire persona you should be well versed in your character's background. You should know, by heart, who you are, what you do, who your family is, etc... This worksheet is intended to help you learn that background so that you can, more easily, portray your character.

Find the [Points of Departure \(P.O.D.\) Worksheet](http://www.museangel.net/podworksheet.pdf) (http://www.museangel.net/podworksheet.pdf). If you are playing a peasant character you have three (3) points to work with, if you are playing middle class you have three to four (3-4) points to work with, and if you are playing upper class you have five to six (5-6) points to work with. Since the worksheet was developed with peasants in mind you need to add these values to the stated sections:

**Rank:**

Upper Middle Class costs 2 points

Upper Class costs 3 points

**Job:**

Courtier/Nobility costs 2 points

Once you have completed the P.O.D. worksheet you can move on to this worksheet to make your character more complete. So let's put on your character and see what you know.
